

Sadara Internal Campaign Raises 300,000 Riyals for Palestinians

JUBAIL INDUSTRIAL CITY, Saudi Arabia, Dec. 04, 2023: In alignment with the directive of the Custodian of the Two Holy Mosques, King Salman bin Abdulaziz and Crown Prince Mohammed bin Salman bin Abdulaziz, to launch a national fundraising campaign via the "Sahem" platform to ease the suffering of the Palestinian people, Sadara organized an internal campaign for its employees with the aim of alleviating the tragic repercussions suffered by the residents of the Gaza Strip.

Contributions raised by Sadara's internal campaign totaled 300,000 Saudi Riyals.

Approximately 511 employees participated in the week-long internal campaign, and their donations amounted to 150,000 Saudi Riyals.

Sadara honored its pledge to match the contributions given by direct employees, bringing the total amount raised to 300,000 Saudi Riyals.

In a statement Sadara CEO Fayez Al Sharef thanked employees for their contributions saying, "My deepest gratitude for your prompt generosity and compassion in response to Sadara's internal campaign for Palestine. I am proud to see our team come together like this; it is a true reflection of our commitment to support the Kingdom and the efforts toward solving humanitarian causes especially the Palestinian people during this time of crisis."

About Sadara:

Sadara is a joint venture developed by the Saudi Arabian Oil Company (Saudi Aramco) and The Dow Chemical Company. Sadara is a multi-billion-dollar world-scale chemical complex in Jubail Industrial City II in Saudi Arabia's Eastern Province. Comprised of 26 world-scale manufacturing units, the Sadara chemical complex is the world's largest to be built in a single phase and is the only chemical company in the Middle East to use refinery liquids, such as naphtha and natural gasoline, as feedstock. By using best-in-class technologies to crack refinery liquid feedstock, Sadara will enable many industries that either currently do not exist in Saudi Arabia or only exist through imports of raw materials.
